

BOARD OPPOSED TO AMENDMENT

Local School Officials Plan to Fight Proposed Measure.

WORKS AGAINST CITY

Statement Claims Money Would Be Taken From Large Schools.

On the grounds that the proposed Section 5-A, Article 10, amendment to the Oklahoma state constitution would cause a serious financial loss to all cities in the state without relieving the general situation to any measurable extent, the Tulsa school board is waging an energetic fight against its ratification in the general election on November 2.

J. H. Brown, a school principal, representing the board in this matter, has prepared the following concise statement covering the proposed amendment and the objections thereto.

Its Provisions.

The amendment provides that the State Board of Equalization shall levy annually a tax of not less than 6 mills and not more than 10 mills on all taxable property within the state.

This tax is to be paid into the Common School fund of the state treasury.

It is to be apportioned to the school districts on the basis of school enumeration.

Objectable Features.

It does not relieve the need for more money in running the schools in a large number of the cities of the state, since they will lose money by its enactment.

It encourages indifference on the part of the people who are content with the minimum educational advantages, since a large number of rural districts will not be able to operate on less than 6 mills.

The wealthy, progressive districts will pay the bulk of the taxes under this proposition and at the same time tax themselves to the constitutional limit (10 mills) for local purposes.

It places too much taxing power in the hands of a board of men who are not responsible to the people locally.

The State Superintendent of Public Instruction may exercise too much taxing power.

The principle of self-support, self-taxation, and self-government in educational matters is destroyed.

Forty-one of the 77 counties in Oklahoma will lose money that properly belongs to the schools of the counties so affected.

A large number of school districts would find their school tax practically doubled if the amendment should carry. Take Tulsa county as an example; 19 school districts in the county are able to operate their schools on less than 6 mills.

The following is a concrete illustration of the unfairness of such a measure: Tulsa county would lose approximately \$255,000, Tulsa city \$150,000, Glenpool \$15,000, Jenks \$20,000, Okmulgee \$25,000, Muskogee \$65,000, Sapulpa \$17,000, Pawnee \$27,000, Bartlesville \$12,000, Oklahoma City \$250,000, Ada \$20,000 and Keiser \$15,000.

An American scientist sent to Greece to investigate agricultural conditions discovered extensive and heretofore unknown deposits of potash and lime.

Granddaughter of Tulsa Woman Burned to Death Near California Home

Word received here tells of the death by burning of Virginia, the 6-year old daughter of Mr. and Mrs. A. E. Abbott, at their home in Bakersfield, Cal. She was playing with matches in her own yard when her clothing became ignited, and she lived six hours after being rescued from the flames. The deceased was the granddaughter of Mrs. Alice Offutt of this city.

SHRINERS RETURN FROM COAST TRIP

Recorder Says the Akdar Band and Patrol Made Hit at Convention.

Just about all the shriners who had enough money left for transportation after "seeing the sights" out on the coast have now returned to the home town, according to H. M. Welliver, recorder of Akdar temple.

"Fires on the coast are much higher than here and occasioned attacks of acute financial embarrassment among a number of Tulsa shriners," Mr. Welliver said laughingly. "I'm not telling all I know but I'll wager that some of the shriners could not even 'tip their hats' when they got home."

Of the national convention at Portland, Mr. Welliver said: "The Akdar band and patrol made good in every particular, and was adjudged one of the best in attendance. The shriners also had an unforgettable trip to the convention."

Akdar temple is looking forward to a year of growth under the leadership of the present potentate, Samuel H. Dye, Mr. Welliver said.

The first ceremonial for the fall season will be at Red Fork Electric park on September 10.

Cake Walk Included on Minstrel Program at Kendall Saturday

Young men of the College Hill Community church are busily engaged in making final arrangements for the appearance of Duffendack's minstrels in the Kendall college auditorium at 8:15 o'clock Saturday evening. Five hundred tickets have been put on sale for the show to a score of hustling workers and from all reports are selling at a lively rate. Six hundred (600) tickets have been printed and will be distributed over Kendall Thursday evening.

The minstrel performance will consist of late jokes and clever stunts, with an old-fashioned cake walk as a feature. Personnel of the minstrel will be the regular circle, with end man and interloper.

That Is What Mrs. Burns Says After Taking Tanlac—Gains Nine Pounds.

"I had to go 16 miles to get my first bottle of Tanlac, but after the way it helped me I would gladly go a hundred miles rather than be without it," said Mrs. George M. Burns, of 1909 Spruce avenue, Kansas City, Mo.

"For six months I had stomach trouble and indigestion so bad that what I ate gave me no strength at all," continued Mrs. Burns. "I had no appetite whatever and was so nervous even the barking of a dog would completely upset me. My kidneys gave me a lot of trouble and I suffered dreadfully with pains in my back. I couldn't get any relief at all and finally I got so weak and run-down I couldn't do my housework."

"A friend advised me to take Tanlac and I had to go all the way to Chattanooga, Kan., where I was then living, to Sedan to get it. But that was surely a profitable trip, for the Tanlac helped me right from the start. My appetite picked up and I can now eat anything I want and it does me good, too, for I have already gained nine pounds, am strong enough to do all my housework and am getting stronger every day. My nerves are steady as a rock and I am in better general health than for many years. I have recommended Tanlac to a lot of my friends and every one of them has been benefited by it."

Tanlac is sold in Tulsa exclusively by the Quaker and Puritan Drug Co. —Advt.

CITY HAS PICNIC AT SAND SPRINGS

Tulsa Officials and Employees Enjoy Outing at Park.

Sand Springs park was in charge of the city of Tulsa yesterday evening. Tulsa's city officials presided most becomingly. For practically everyone in the city had went to the park about 5 o'clock yesterday afternoon on motor trucks, carrying "coddies" of sandwiches, cake, pie and other eatables and soft drinkables.

The park was literally turned over to the city lunch. Greenwood acted as school kids and escorted over the grounds really enjoying the evening after a strenuous day's work. It was not only a picnic, but presented an opportunity for the city's workers to get better acquainted.

And Mayor Evans didn't forget to take his purple and yellow bathing suit, either.

The picnic idea started in the office of Mrs. Frank Seaman, city auditor, and spread like wildfire. Although it was mentioned only a few hours before time to start, everyone—and the lunch—was ready.

A light shower late in the afternoon did not dampen the picnicers' spirits, but it did serve to delay the picnic a few minutes.

GIVES ADDRESS ON "TIME"

Western Union Man Gives Interesting Talk at Rotary Luncheon.

"Time" was the subject on which Harry H. Gale, of the local Western Union telegraph office, read an interesting paper at the weekly Rotary luncheon yesterday noon. After a discussion of the mystery of time in its flight, Gale presented an argument in favor of using telegrams instead of letters in business correspondence.

ASK VALUE OF LOST KEROSENE

Oil Company Claims Railroad Failed to Deliver Car to St. Joe, Mo.

Judgment for \$22, the value of a tank car of kerosene alleged to have been lost by the Santa Fe railroad, was asked by the Union Petroleum company in district court yesterday.

The oil company claims that on December 3, 1918 they shipped the car of oil to the Whitall Oil company at St. Joseph, Mo., and that through the negligence of the railroad and its agents the car was lost.

HARTFORD DENIES LIQUOR CHARGE

Alleged Auto Thief Chief Pleads Not Guilty in Arraignment.

R. J. Hartford, alias R. J. Emery, arrested near Garnett Tuesday night by county officers in possession of 12 gallons of corn liquor, entered a plea of not guilty at his arraignment yesterday before Attorney M. O. Rodolf, acting judge of county court, and was held under bond of \$500 for trial at the October term of court.

In addition to the liquor, Sheriff James Woolley, N. H. Laney, J. F. Burnett and W. T. Kithcart deputies, found an assortment of tools used in changing numbers on automobiles and it is believed by the officers that the building in which the goods were found was headquarters for automobile thieves in this city.
